WORK WEAKENS THE KIDNEYS

Doan's Kidney Pills Have Done Great Service for the People Who Work in Redwood City.

Most Redwood people work every day in some strained, unnatual position—bending constantly over a desk, riding on jolting wagons or cars, doing laborious housework; lifting, reaching or pulling, or trying the back in a hundred and one other ways. All these strains tend to wear, weaken and injure the kidneys until they fall behind in their work of filtering the poisons from the blood. Doan's Kidney Pills cure sick kidneys, put new strength in bad backs.

James E. Brown, contracting painter of No. 17 Capp street, San Francisco, says: "A man at my occupation required a good sound back. If that part of his anatomy is weak, lame or aches every move of the brush brings torture. Besides, the ingredients used in my calling act directly on the kidneys and aggravate those organs. The first box of Doan's Kidney Pills brought me such relief that I bought several more and continued the treatment until the trouble disappeared."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's, and take no other.

The real estate market around Redwood, it would seem has suddenly come to life after being dormant for some time. Demand for property is good and a number of good sales are reported by one of the leading Real Estate Offices. We understand that a choice piece of property at Woodside is about to be sold to a Banker of New Mexico, who some time ago passed through the beautiful Woodside country and decided to buy and in time permanently reside there. Mrs. Clara Kiepen of Ocean View, has bought the McNeely cottages and one acre of ground located in the Reese tract near five points. Mrs. Kiepen intends to have this as a summer home, a few days ago the Mrs. Kreiss ranch of 150 acres located in the Canyada was sold to Anton Bassetti the well known and prosperous diary man of La Honda. Mr. Bassetti does not intend residing there for some time to come, but no doubt will eventually make his home there

The demand for Fair Oaks property and Menlo property is good and a number of sales in the Fenton as well as the Hoag & Lansdale tract are reported. A deal for one of the choicest pieces of property aroun Fair Oaks is now pending and will no doubt be closed very soon.

Another Victory for Redwood

In one of the most one sided and uninteresting games of the season the home team defeated the Brooklyns of San Francisco by a score of19 to 4.

Iburg made two catches which robbed the city boys of two hits. Heinie Jansing who formerly played thir base for Seattle, in the Coast league, was on third for the home team. He only had one chance and hehandled that in good style.

There Were but four hits made of of the home pitcher, while the Redwood boys made twenty.

Next Sunday the locals will meet the Senators of San Jose, and on the 21st of this month the team will journey to Hollister, and expect to be accompanied by a large body of fans. There will be two special cars to accomodate the crowd.

WILL OPEN IN NEW BUILDING

SEQUOIA PUPILS WILL RESUME STUDIES AUGUST FIFTH

On August 5, 1907 the Sequoia Union High School will open for the coming school year in the restored building which is one of the most attractive and convenient of any in the state. With such surrouudings and under the guidance of capable teachers, superior work should be done.

The following faculty will have charge of the instruction:—

Samuel P. McCrea, A. M. (Stanford) History and Civics.

Edith A. Anthony, A. B. (Stanford) Mathematics, Chemistry and Physics.

Helen Boyd, B. L. (State University) Latin, German and Ancient History.

Florence H. Sollman, B. L. (State University) English and Freehand and Geometrical Drawing.

John F. Dale, (Stockton Business College and University of Chicago) Commercial Branches.

Otis M. Carrington, Vocal Music.

All the language work of the school will now pass into the hands of new teachers, both of whom are Berkeley graduates. Miss Sollman comes to us highly recommended from the Santa Paula High School, where she had charge of the work in English and Drawing. Miss Boyd has been employed at Fresno for the last year: and comes to our school well equipped in the lines of work undertaken.

John F. Dale will have charge of the Commercial instruction. For five years he has had charge of the Commercial work in the Tulare High School and has built up a strong department. He is also President of the County Board of Education of Tulare County, and a well know teacher there.

Commercial Work.

Since such work was first undertaken in this school, but one half day's time has been devoted to it. Now one teacher's efforts will be devoted to this work. It is the desire of the Trustees to furnish complete training in such work for those who want it. But more pupils must undertake and complete the commercial subjects if this line of work is to remain a permanent feature of the High School. As now arranged the Commercial Course provides the necessary training for a Clerk or Bookkeeper in the first two years; and in addition thereto that of a Stenographer and Typewriter in the last two years. A Certificate will be given to those who complete the Bookkeeping Course, and cannot go further; and a Diploma will be given to those who complete the entire course.

Music

Mr. Carrington will have charge of the work in vocal music. His ability ooth as a singer and as an instructor are already known here. Hereafter pupils will select music as a subject. Those who do efficient work in the Glee Clubs for a period of four years, and who pass the required examinations in music will be given one credit toward graduation.

Drawing

Instruction in Freehand and Geometrical Drawing will be given if a program can be arranged for both. Freehand Drawing may be taken by girls in the second year of the Literary course instead of Algebra; and all pupils in the third year may have a choice between Freehand and Geometrical Drawing and English history. If more Drawing is wanted it must be taken as a fifth subject under the usual rules.

Pupils who change from one course to another must make good any subjects not taken.

No pupil will be allowed to carry less than three subjects in any year.

Physical Geography will be reinstated in the courses as soon as possible; and it is hoped we can soon make provision for Solid Geometry and Trigonometry.

Any subject (except vocal music) carried throughout a year with a standing of 75 gives one credit, and 16 credits are necessary for graduation.

Work missed by reason of absence must be made up in such manner as the teacher may prescribe.

Home Study.

Few pupils can do their work well enough to make a standing without from one to two hours of home study. Those who ask to be recommended to higher schools will find it necessary to make such a practice a habit.

Absence and Tardiness.

The rules of the board in regard to absence and tardiness without sufficient cause will be more rigidly enforced. Pupils desirous of making a good record should start to school with the opening of the term.

Editor Times-Gazette:—

In the columns of the San Francisco Call of July 6th an attack was made upon Attorney Jas. T. O'Keefe of Menlo Park by a young writer of Palo Alto—the complaining witness being William Macdonald, a senior in the law department of Stanford. The writer of THIS response, being an eye witness to the most outrageous disgrace on the part of the two Stanford Students will put the matter correctly before the readers of this paper. A party of several men, with their wives and children from Menlo Park, Palo Alto and San Francisco including Jas. T. O'Keefe and children of Menlo Park drove to the San Francisquito Creek early on the morning of July 4th to enjoy the day under the beautiful shade trees by the running stream. The above parties being the first ones on the scene. Everything went on serenely with the day outers until Macdonald and his friend, a freshman student arrived. They immediately disrobed on the bank of the creek and in their nude state plunged into the water—the scene being in sight of all the women and children and men of the party.

One of the men of the picnic party quietly stepped down to the bathers and asked them to use bathing suits or refrain from swimming on this occasion as there were quite a number of women and children present. Macdonald responded that they (the women) could move further up the stream if they disliked it etc. One of the women of the company even remarked to Macdonald who was then standing high and dry in a nude state on the San Mateo County side—property rented by Mr. T. Cardoza, a client of Mr. O'Keefe —Shame. Shame. SHAME ON YOU. To this the nude bather responded by throwing a stone aimed directly at her—she narrowly escaping it. The women folks then ordered the immoral degraded mortals, who made a hasty retreat and begged for time to dress. It was the women folks that kept the men from gooing to the swimming hole and giving the two fresh students a sound whipping which they rightly deserved. A few minutes after this scene an intelligent looking man appeared on the spot, who I learned later was Professor Clarke of the Stanford University. From his conversation my mind was greatly changed in regard to his intelligence. Just before his arrival there were several small boys ranging in ages from eight to twelve years—two of whom I learned were his sons. They were in a nude state and walking up and down on the sand in the presence of Professor Clarke, the father. Oh, just imagine my dear readers the feeling that ran through my veins, when I learned later that this man was Prof. Clarke of Stanford University, whose presence at this swimming hole should have taught these youngsters to immediatly get under cover, but instead it had the opposite effect. Could it be possible that the good name of Stanford University would be pulled down to this base degradation instead of lifting themoral ideas to a higher and more exalted standard.

The picnicers were ordered off the grounds by Macdonald and Prof. Clarke, but they did not vacate as they had permission to be on the grounds and they had a LEGAL right to enjoy themselves which could not be denied them. I wooould refer Macdonald the law student of Stanford University to read Section No 311 of the Penal Code which reads as follows:—Sub (1) "Every person who willfully and lewdly either exposes his person or the private parts thereof, in a public place, or in any place where there are present other persons to be offended or annoyed thereby.

(2) Or procures, counsels or assists any person so to expose himself, or to take part in any mo del artist exhibition, or to make any other exhibition of himself to public view or to the view of any number of persons, such as is offensive to the decency, or is adapted to excite lewd or vicious thoughts or acts.

Macdonald not only exposed himself as he admits in his article of July 6th—but incouraged small boys to do the same thing.

If attorney Jas. T. O'Keefe does not prosecute Macdonald the writer of this article will proceed to do so.

The bond mentioned in subdivision three of section eight of this Ordinance shall be subject to the approval or rejection of the Chairman of the Board of Supervisors and shall not be approved unless said chairman shall deem each of the sureties thereon, sufficient for the whole penal sum of said bond, and upon the approval of said bond by said chairman, the Board of Supervisors shall consider said application and any protest which may have been filed and if said board shall thereupon find that the applicant is a proper person to carry on said business and that the carrying on of said business at the place where the same is to be carried on will not be prejudicial to the public good, may by resolution grant the required permit, provided, however, that no permit shall be granted to any person, persons, firm or corporation who previously had a permit under this Ordinance, and which permit has, within six months prior thereto, been revoked, or to any firm or corporation of any member of which had previously had a permit and which said permit has, within six months prior to said hearing of said application been revoked, nor to any person, firm or corporation unless such person, or each member of said firm or each stockholder of said corporation is a native born or naturalized citizen of the United States, a certified copy of each resolution granting or revoking a permit shall be given immediately to the Tax Collector by the Clerk of the Board of Supervisors upon the adoption of any such resolution.

Section 12. After said permit has been granted by said board, and not before, and after the license tax herein provided for has been paid, the Tax Collector shall issue to the person or persons, firm or corporation named in said permit, a license of the class in said permit specified, which license shall be authority to the person or persons, firm or corporation named therein to conduct his or their business at the place named in the application for said license, but shall not be authority for any other person or persons, firm or corporation, to conduct said business at the place named in said application or for the person or persons, firm or corporation to whom said license is issued to conduct said business in any other place.

Section 13. A permit under this Ordinance shall be good only for the person, persons, firm or corporation and particular place and particular business specified in said permit shall be good for one year and no longer. If the person, firm or corporation to whom a permit has been granted desires to change the place of business mentioned in such permit, application must be made to the Board of Supervisors at least five (5) days before the meeting thereof, by filing a written application with the County Clerk of said county, and said board may, after good cause shown, by resolution, permit the place of business to be changed.

Section 14. The total number of Class "A" permits issued under this Ordinance to be in force at one time, is hereby limited to one hundred and twenty (120), and no greater number of "Class A" permits than one hundred and twenty (120), to be in force at one time, shall be granted or issued under this ordinance.

Section 15. Any person, persons, firm or corporation to whom a permit has been granted and a license issued under the terms of this Ordinance, who violates any of the provisions of subdivision three of section eight of this Ordinance and who shall not obey and abide by all the laws and Ordinances now in force or which may hereafter be enacted, regulating places of business where spirituous, malt or fermented liquors or wines or any admixture thereof is sold, given away or furnished, shall forfeit all permits and licenses theretofore granted or issued to said person, persons, firm or corporation under the provisions of this Ordinance, and shall also forfeit to said County of San Mateo the full amount of the bond required to be given to said county pursuant to the terms of section eight of this Ordinance, or such sum, part of the whole penal sum of said bond not less than $250 as may be determined by the Board of Supervisors of said county, pursuant to the terms of section eight of this Ordinance.

Section 16. Such complaint may, however, be made by any resident or citizen of said county. Upon such a complaint being filed with said County Clerk it shall be his duty to immediately prepare and forward by mail to said person, firm or corporation, a copy of said complaint, the same being addressed to such person, firm or corporation at the postoffice specified in the application filed by the person, persons, firm or corporation against whom the complaint is made and filed.

The Board of Supervisors shall, if possible, investigate said complaint at the next regular meeting of said board after the filing of said complaint, and not later than the second regular meeting of said board subsequent to the filing of said complaint. If upon such investigation the said board or a majority of the members thereof shall find that the said complaint is well founded and the charge therein made is true, it shall so declare by a resolution of said board, and the said board shall also, by the same resolution revoke the permit theretofore granted to said person, persons, firm or corporation and revoke all licenses theretofore issued to said person, persons, firm or corporation under the terms of this Ordinance, and said license shall thenceforth be without force or effect, and the said board shall also, by the same resolution declare the bond required by and given under the provisions of section eight of this Ordinance, wholly forfeited, or such sum or amount part of the whole penal sum of said bond, not less than $250, forfeited to said county as, in the discretion of said board shall seem just in the premises, and shall direct the District Attorney of said county to at once commence suit on said bond in the name of said county, to recover the amount so declared forfeited to said county, and in any action instituted and prosecuted upon said bond, the adoption of the resolution mentioned in this section shall be deemed and taken as conclusive evidence of the truth of the facts therein set forth.
